

CONCRETE PLAN OF ACTION INDORSED

New Directors of Chamber of Commerce Advocate Definite Program of Activities.

YEAR'S WORK CONSIDERED

Housing, Civic Betterment and Industries Will Be Received Special Attention.

At a call of John S. Shields, president of the chamber of commerce, the directors who were elected at the annual meeting, met Monday night in special session and effected their organization for the year. Mr. Shields proposed that a concrete program be mapped out and adopted for execution during the next twelve months and that the organization, including the formation of committees, be made to the benefit of the program, rather than to have standing committees merely because the constitution provides for them. This was one of the recommendations that was favorably received at the annual meeting.

Mr. Shields proposed for the consideration of the directors that three principal committees be named, viz.: housing, civic betterment and new industries. Other committees such as membership and the like, of course, will also have an important part in the year's work. The directors were called upon to express their views as to what the organization should undertake and the suggestions were valuable in formulating the year's work. It was not the intention of Mr. Shields in calling the meeting to have a definite plan adopted at that time, but merely to present the various ideas and give the directors time to think them over before final action is taken.

Ray R. Keach was selected to look into the matter of solving the house shortage here and will report at the next meeting. C. B. Billings was appointed to give special attention to the location of new industries, and Claude Carter was selected to make recommendations for the civic improvement of the city, such as street lights, sewerage systems and other permanent betterments.

The auditing committee composed of Mr. Shields, president, C. R. Jackson and F. J. Voss, filed a report showing that a total of \$837 had been received during the first year and that there remained a balance of \$412.98 in the treasury. Receipts outstanding and not collected amounted to \$9 additional.

THE REV. J. E. FISHBACH ASSIGNED TO CHURCH HERE

The Rev. William Weiler Becomes Pastor of the Grace Street Church, Cincinnati.

The conference of the Methodist Episcopal church in which the Trinity M. E. church is located, adjourned at Detroit Monday noon when the assignment of pastors for the year was read. The Rev. William Weiler, pastor of the Trinity M. E. church, will become the pastor of the Grace Street church at Cincinnati, and the Rev. J. E. Fishbach, who has been pastor at that church, will come to this city. Mr. Fishbach is one of the strong preachers of the conference and the local church feels fortunate in securing his services. Mr. Weiler has made many warm friends during his pastorate here and they deeply regret to see him leave, but wish for him the greatest measure of success in his new field.

The Rev. J. G. Bookstaller, of the White Creek church, goes to Mars, near Evansville, and the Rev. Mr. Schweinford becomes pastor of the White Creek church.

Mr. and Mrs. George Winkenhof attended the conference and returned home at noon today. Mr. Weiler was also at the conference session, returning home today.

SMALL INCREASE IN ENROLLMENT

Attendance in City Schools was 1,145 First Day, Reports of Teachers Show.

1,122 SAME DAY LAST YEAR

High School Department Has Attendance of 435 While Enrollment in Grades is 710.

The Seymour public schools opened the fall term Monday with an attendance of 1,145, according to the reports which were filed today by the teachers with Thomas A. Mott, superintendent. This is an increase of twenty-three over last year's attendance on the corresponding day. The larger enrollment is surprising in view of the fact that the enumeration of school children last May showed a decrease of thirty-eight since the preceding year. Mr. Mott believes that the six-year high school plan is responsible for the increased enrollment in that department.

The enrollment in the six grades of the element schools in the city is reported as 710 compared to 727 last year. The six advanced grades have an enrollment of 435 against 395 year.

"The six year high school plan is undoubtedly responsible for the larger high school attendance this year," said the superintendent. "A pupil is required under the compulsory education law to remain in school until after the eighth year is completed. Under the old plan the compulsory school age was reached before the pupil entered the high school. Under our system the pupil enters the sixth grade and becomes so interested in the advanced work in the high school department that he does not desire to quit school after the compulsory education age is reached. The loss in the grade at-

ROTARY CLUB HEARS DEPUTY FIRE MARSHAL

George Felthouse, Making Fire Survey of Seymour, Compliments Our Business Houses.

At the meeting of the Rotary Club today, George Felthouse, of Indianapolis, assistant fire marshal, was present and complimented the business houses of Seymour that he had investigated on the careful manner in which they were kept, with reference to fire danger. Mr. Felthouse expects to make a survey of the entire town during his trip here for the purpose of advising any step that may be taken to secure better fire protection.

A number of items of business were given attention. The club expressed its approval of the city council's action in requesting the state board to authorize the issuance of bonds for the great white way. An amendment to the bylaws on the reception of members was approved. The picnic which was to have been held next week with the Franklin and Bloomington Rotary Clubs in Brown county was postponed until October 7 at the request of these clubs. Plans were discussed for the trip to Indianapolis September 23 when a meeting is to be held in honor of John Dyer who was recently elected vice-president of international rotary. A committee consisting of C. H. Wiethoff, W. L. Johnson, and Ed Petterman, was appointed to plant a memorial tree in the city park in honor of the Jackson county soldiers.

DIES THIS MORNING.

Miss Elva McClintock Passes Away at Home in Jennings County.

Miss Elva E. McClintock, fourteen year old daughter of Mr. and Mrs. Solomon McClintock, of Jennings county, died this morning at 10:30 following a short illness. Besides the parents, she is survived by two brothers, Elvie and Elmer.

Funeral services will be conducted Thursday afternoon from the Red-dington Christian church.

BENHAM OUTLINES SETTLEMENT ACT

Fourth District Congressman Discusses Good and Bad Features of Mondell Bill.

MANY DEFECTS ARE REVEALED

Benham Thinks Bill is too Narrow in Its Conception and Impractical in Application.

John S. Benham, congressman from the Fourth Indiana district, who is a member of the committee on public lands, is deeply concerned over the Mondell bill, known as the National Soldiers' Settlement Act. He is strongly in favor of some measure of this kind for the benefit of soldiers, but thinks the Mondell bill is too narrow in its conception.

An interview shows his attitude towards this measure and sets out some interesting features worthy of close study by the public:

"The Mondell bill, known as the 'National Soldiers' Settlement Act,' to provide homes for soldiers, sailors and marines has had much consideration in the public lands committee, of which I am a member, and, while the bill has some good features, it does not, in my judgment, reach the requirements for our Indiana soldiers. It is too narrow in its conception and too impractical in its application.

"At the insistence of the minority members of the committee, action in the house has been deferred until the boys at home can be heard from and a fuller and freer discussion arranged for. It is desired that wide publicity be given this measure that the soldiers interested in securing government aid to purchase homes, either in country or city, may write their Congressmen expressing their opinions in the matter.

"Briefly, the main features of the Mondell bill are as follows:

"1—Government purchase of large tracts of swamp, arid and cutover lands.

"2—Division of purchased lands

BANDITS' HEARING SET FOR FRIDAY

Justice Congdon Delays Cases to Give Men Time to Get Money to Employ Attorney.

TAKEN TO BROWNSTOWN JAIL

Boys Said to Have Confessed They Were Guilty of Robbery in Cincinnati.

In order to give the four young men arrested at Franklin early Sunday morning with the Ford automobile which only a few hours before they had taken from Heral Haskett, a young Redding township farmer, time to employ an attorney Justice John Congdon has postponed the preliminary hearing until Friday afternoon at 2 o'clock. The hearing was set for Monday afternoon at 4 o'clock and was postponed at the request of the four prisoners.

The four men confessed that they were guilty of robbing the Cincinnati hardware store according to H. L. McCord, county sheriff, chief of police Abell and a member of the Cincinnati police department who were at Brownstown today.

The Cincinnati officers were also accompanied by a member of the hardware firm that was robbed who identified Morgan, who is part Mexican and leader of the gang, as having worked at the hardware store until a few days before the robbery was committed. When first questioned by the officers, the young bandits denied their guilt but the rapid fire questions put to them by the officers were evidently too much for them and after being questioned for over an hour they confessed.

According to the story told to Sheriff McCord and the Cincinnati officers, Morgan met the other three boys in Covington, Ky., and after talking with them for a short time he laid the plans for robbing the hardware store and they agreed to help him which they did. After committing the robbery Friday night the four men caught a car and rode to Lawrenceburg at which place they boarded a Baltimore & Ohio train and came to this city.

The Cincinnati officers returned to Cincinnati this afternoon. They asked to be allowed to take the stolen property with them but were denied that privilege by Sheriff McCord who will hold it as evidence until the cases against the four men are disposed of.

The prisoners sent a message to Portland, O., Monday afternoon soliciting assistance from friends to

LONG DISTANCE DEBATES STARTED

Senators Johnson, Borah and McCormick Begin Tour to Answer President.

FIRST SPEECH IN CHICAGO

Opposition Senators to Give Ideas As to Necessity of Reservations in Treaty.

By United Press

Washington, September 9—If President Wilson was counting on strong reaction in the territory where he has spoken in the form of telegrams and letters to senators urging that opposition to the treaty cease, he is not yet made his trip a success, according to his opponents in the senate. With this situation giving them confidence, Senators Johnson, Borah and McCormick leave this afternoon to open a series of long distance debates with the president.

As Johnson swings along the president's trail, he will take up the covenant, point by point, to argue his opinion of the sacrifice of Americanism he says it represents. Borah will take a different route, but will hammer on the same issue. Johnson and Borah will stage the actual opening of the attack on the treaty in Chicago. Johnson will arrive in Chicago early Wednesday and speak at noon. Borah and McCormick will arrive later in the day.

Borah today said the only letter he had received on the subject of the president's trip was from a St. Louis business man, unknown to him, who urged the senator to keep up the fight. The letter declared the president had talked only generalities in St. Louis, and that while he had a big crowd, the writer did not believe he had impressed the locality with the belief that the treaty was unimpeachable.

Senator Borah today renewed his demand for a referendum on the treaty. He characterized the president's going before the people at this time as virtually "a sham battle" for the reason that the "people can't do anything after they hear the discussion."

THREE FOREIGNERS ARE KILLED IN GARY RIOTING

Fighting Starts When Attempt is Made to Prevent Americans From Going to Work.

By United Press

Gary, Sept. 9—Three foreigners are dead, two are dying and twenty-five wounded as the result of rioting early today by striking workers of the Standard Steel Car Company in strike for weeks. The rioting broke out at 6:30 this morning when 400 foreigners with uniformed soldiers carrying an American flag marched through the streets in an alleged attempt to prevent 150 American employees from returning to work at the plant. Police met them and ordered them to disband. They opened fire on the police who returned the volley killing three of the marchers. At 9 o'clock the police had the situation in hand and no further outbreaks were expected.

MAY LOCATE IN CHICAGO

General Pershing May Enter Banking Business.

By United Press

Chicago, Sept. 9—General Pershing, it was understood in well informed circles here today, may settle in Chicago.

According to friends here, Pershing will arrive here during the week of September 21 to be the personal guest of Brig. Gen. Dawes. Rumor has it that Pershing's business may be banking of an international character.

ST. PAUL GREETSTHE PRESIDENT

Wilson Addresses Special Session of Minnesota State Legislature Today.

TROOPS AT RAILWAY STATION

Governor Burnquist, Republican, Welcomes Executive and Introduced Him to Solons.

By United Press

St. Paul, Minn. Sept. 9—President Wilson today addressed a special session of the Minnesota legislature called to consider domestic problems, including the high cost of living. He went first to the governor's room and chatted a few minutes with Governor Burnquist.

The house chamber at the capitol was filled to suffocation. Wilson was received at the railroad station by an honor guard of state troops.

Ratification of the peace treaty is essential to a "settling down" of world conditions which will tend to break down the cost of living, President Wilson told the special session of the legislature.

The cost of living primarily a world condition due to the losses of manpower in the war and the demoralization of industry, he said. Factories must again be devoted to peace purposes and labor redistributed. This process cannot begin, he argued, until real peace is assured by ratification, commerce resumed and the world begins to settle down.

There are other methods of reducing living costs, the president said, by opening up food hoards. It is necessary to look with an "unsympathetic eye at some of the processes" which retard distribution, he said. Labor is at present not satisfied with its relations to the employer, he asserted. This condition is world wide, he declared and mentioned the labor section of the peace treaty as a means of ending this state of dissatisfaction. The labor clauses, he said, aimed to establish something approaching American labor conditions everywhere insofar as possible.

There must be a constructive program with regard to labor to relieve the strain of existing conditions, he said. The interest of both capital and labor are concerned in this, he declared. Labor, he said, no longer can be regarded as a commodity. When the labor problem is solved, production will go forward by leaps and bounds and that will be one of the means of bringing down the cost of living, he said. Wilson said America must help the world get on its feet again so trade can be reestablished.

Senators opposed to the treaty are afflicted with "just down right ignorance," Wilson said.

A considerable crowd gathered Wilson in town down St. Paul but approaching the capitol it thinned. At the capitol many automobiles greeted the executive with a din of sirens and hundreds clustering on points of vantage cheered.

Troops were drawn up on capitol

VATICAN HAS JOINED HANDS WITH WORLD DEMOCRACY

Papal Letter Will Accept This as Only Source of Political Authority.

By United Press

Paris, September 9—Politically, the Vatican has joined hands with democracies and cast its lot with the new world-wide liberal movement, it was brought out in a papal letter addressed to Cardinal Lucon and made public today in connection with participation of French Catholics in the coming parliamentary elections.

The Vatican will hereafter accept democracy as the only source of political power and will work to build up and permanently establish democratic government.

The Vatican program contains four definite planks for establishment of social peace.

They comprise:

Co-operation of all classes.

Coalition of all classes against bolshevism.

Acceptance of democracy.

Education of the proletariat.

TUESDAY, SEPTEMBER 9, 1919.

TREATY ACCEPTANCE

There is no question but that the peace treaty will be ratified, but the issue now is whether or not certain reservations will be included. President Wilson is touring the country in an attempt to convince the public that not a letter should be changed. On the other hand many senators, both republicans and democrats, in-

sist that certain changes or amendments be made.

Will H. Hays, republican national chairman, declares in a statement that full responsibility for delay in ratification of the treaty now rests with the president. In view of the attention that is centered on the president's tour and the treaty question, the following statement of Mr. Hays is of interest:

"I agree with President Wilson that the treaty will be ratified, but the ratification will be accompanied by reservations absolutely safeguarding the full independence and freedom of action of this republic. That is the simple fact which the president may as well recognize first as last. At present he is only pounding against a stonewall of patriotism which has already become impregnable and is daily increasing in width, strength and height. The committee reservations constitute the irreducible minimum of the requirements of a substantial majority of senators who cannot be coerced or cajoled into violating their oaths or office to hold America first. There is no partisanship in their position. True, every Republican senator without exception stands with the committee, but because he is an American—not because he is a Republican. I sincerely believe further

that an actual majority of the Democratic Senators feel the same way and evidences multiply daily that when the time comes a considerable number will vote the same way.

"It is for the President to determine when the test shall be made. The treaty will be reported out this week and a vote can be had as soon as it can be reached under the rules unless it is delayed by Senators acting under the direction of the President himself. It is simply now up to the administration to decide whether it will or will not accept at once these essential guarantees of American independence which will unquestionably be promptly accepted by the other nations. It is imperative that this matter be settled right. It ought, by all means, to be settled promptly. The full responsibility for any delay will rest upon the President and him alone."

5c TO 50c STORE

Kraft Store is Now A Link of the Metropolitan Company.

The George Kraft Store which has been conducted here several years, has been taken over by the Metropolitan Company and will be changed from a five and ten cent store to a 5c and 50c store. The change which will mean an addition to the present stock will be made shortly.

On August 22 the managers of the Kraft stores were tendered a banquet at a Chicago hotel by the Metropolitan company in honor of the change. The company with the Kraft stores will operate 115 stores in various places throughout the country.

"With the great amount of merchandise that can be had to retail at 50c, coupled with the buying power of 115 stores, the Metropolitan Co. will help you solve the High Cost of Living and the public should be proud of the fact that you will soon have a Metropolitan 5 to 50c store in this city," said Mr. Goodlander, local manager.

"Wait for the 50c merchandise and watch for the opening date. Thousands of dollars have been spent to get the biggest and best assortment of 5 to 50c merchandise in these stores."

BENHAM OUTLINES

SETTLEMENT ACT

(Continued from first page)

into "projects" of not less than 10,000 acres to be improved by soldiers of the great war under the supervision of the department of the interior; the soldiers to be paid satisfactory wages for a period of from one to five years while the project is being developed and "gotten ready for the tractor."

"3—Allotment of project to soldiers, those having actually worked upon the project to be given prefer-

ential rights. By making an initial payment equal to five percent of the total purchase price, the soldier is allowed a period, not to exceed forty years in which to pay the remainder of the principal and the interest at the rate of four per cent per annum. Under certain conditions soldiers may be allowed, at the same rate, a sum not to exceed \$1,500 for additional improvements and not in excess of \$1,000 for the purchase of stock and implements. (It is estimated that the soldier must have approximately \$1,200 to enable him to make the first payment.)

"The most objectionable features of this bill, as viewed by the four minority members of the public lands committee, are as follows:

"1—The proposition is primarily one of reclamation of lands in the West and South on which it is now impossible to produce anything. It is not my desire to put our soldiers at hard labor for several years in "bound service" to the interior department. It is an open secret that reclamation projects are languishing for lack of funds and that the future of the West demands more money and men for opening up new lands.

"2—The settling of one class only—soldiers—on 10,000 acre projects means that our government is fostering a colonization scheme. Similar plans have been tried repeatedly in the United States and, in nearly every instance, have utterly failed.

"3—The soldier, in order to be able to take advantage of the aid to be extended, must leave his home community and go to work improving lands where he is unfamiliar with the characteristics of the soil and climate, where he is deprived of the counsel and aid of his father and friends, and of the financial backing which could be given by the people who know him. He must live in a settlement of soldiers where there is no one who has any personal interest in him beyond his ability to make a desert habitable.

"4—The soldier, after having worked from one to five years to improve the land, must pay not only the original cost, but the entire cost of the improvements as well. This will make the cost of his allotment far greater than that of individual farms improved by private industry and initiative at from \$1.00 to \$1.50 per day for a 10-hour or 12-hour day instead of \$4.00 per day for an 8-hour day at the Governmental standard of a day's labor. He could buy much better land in localities where agriculture is a proven success. It is a fact that in a number of the states, there are farms which can be bought for less than the cost of the improvements. Many an ambit-

ious young soldier with a small loan on long time at a low rate of interest would have there a much better promise of success and would not have to work from five to ten years before his farm was a paying proposition.

"5—The plan for paying the soldiers who are working on the projects on an 8-hour day basis makes no distinction between excellent and poor work. Each soldier is working, not on his own farm, but on the "project" as a whole; therefore, the lazy soldier gets the same salary as the hustler and also gets the benefit of the latter's work. Since these soldier-farmers are to be paid by the 8-hour day, the question naturally arises:—How many days in a year can farm work be done for eight hours per day? Is the soldier going to be able to save the necessary \$200 by the time the allotment of the project is made? If not, the farm goes to any soldier who has the \$1,200 whether he has ever worked on the project or not. A very liberal allowance for full working days for a farmer is 225 in a year, and this rate would bring the soldiers' annual salary up to \$900. How much can he save from this amount after paying all of his own expenses? Can he support a family?

"6—The bill provides for an appropriation of \$500,000 as a starter which the members of the committee expect to grow to many billions within the next few years. The east and the middle states are expected to pay eighty per cent of this money and at the same time send away the young men whom they desire to keep, not only because of the ties of sentiment

which bind them, but because of an important economic value as well. Measured by economic standards each young man has a value of from \$12,000 to \$20,000 to his state and his community.

"7—This bill provides aid only for the soldiers who desire farm homes and who are willing to live in community centers and work for years improving lands which are at present non-productive. This proposition offers no help to the soldier who desires to purchase a "real farm." According to the testimony at the committee hearings not to exceed 80,000 soldiers can be taken care of under the provisions of this bill. That number is one fifty-sixth of the army and navy. What are we going to do for the other 3,700,000? Why should we discriminate? Why not help all the soldiers? What of the soldier who does not care to farm? Should we not help him to buy a city home?"

Nearly all the members of the house of representatives are in favor of some bill which will furnish real aid to our boys, but many are of the opinion that the bill now before the House does not aid enough soldiers to make it worth while and that it is of very doubtful value to even the few. It is our desire to formulate a more stable bill which will benefit all classes of soldiers and "do it now!"

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease. And best of all this remedy costs al-

most nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

“Put some sugar on it, Mom.”

If there was no other reason to do home-baking than the effect on the children's health and growth, that would be reason enough. But think of the sheer deliciousness of home-baked things.

Wherever home-baking is appreciated, Valier's Enterprise Flour is most appreciated. Its quality is so much finer than the ordinary flour that the baking is bound to show the difference. If you haven't tasted this difference, please do. You'll never be satisfied again with ordinary baking results.

VEHSLAGE BLDG. - 7 WEST SECOND STREET - SEYMOUR, INDIANA

The Man of The Hour....

You know him,—at least you have heard about him and you will hear more of him.

He's the sort of fellow who as a young man laid out his scheme of life and followed it through.

During the war he put his money into Liberty bonds instead of squandering it with so-called "good fellows."

He saved his money and is a national asset not a public liability. He is a saver of money, of vitality, of self respect.

He has faith in himself and in his country. He banks on the future. So he knows he must bank in the present.

He saves what he can each week. He saves regularly and watches it grow. He cannot help succeeding because he has the habit of saving systematically.

His savings placed in our savings department bring him 3 per cent. interest. His regular checking account has careful attention at our bank. His valuable papers are absolutely safe in our fireproof, burglar-proof vault.

Let us talk over with you our facilities for handling your banking business as well as his.

Jackson County Loan and Trust Co.

SOCIAL EVENTS

WOODARD—GILBERT.

Miss Elsie R. Woodard and Rea S. Gilbert, both of this city, were married this morning at eleven o'clock at the office of the county clerk, Brownstown, Rev. R. I. Black, pastor of the Brownstown Methodist church, officiating.

Miss Woodard is the daughter of Robert Woodard and has been employed in Louisville. Mr. Gilbert is a son of Mr. and Mrs. F. S. Gilbert and is employed on the Baltimore and Ohio railroad. He returned from overseas a few months ago, where he was in active service with the heavy tank division. He was formerly a member of Company K, 152nd Infantry.

SURPRISE.

Mr. and Mrs. W. M. Isaacs of near Honeytown, were pleasantly surprised Sunday by a large number of relatives and neighbors, the occasion being their forty-sixth wedding anniversary. At noon dinner was served on the lawn, and the guests were seated at four large tables. During the afternoon, watermelons were served. Mr. and Mrs. Isaacs received a number of gifts. The guests, who numbered about seventy, included thirty from Brownstown. Mrs. Belle Barnes of this city, and Mrs. Grace Enoch and three daughters of Scottsburg, were the guests from a distance who attended.

ENTERTAINED.

Miss Wilma Colemeyer, 421 East Fifth street, entertained informally Monday evening in honor of her house guest, Miss Margaret Crump, of Columbus. The evening was spent with music and dancing and a luncheon was served.

The guests included Misses Elsie Reynolds, Margaret McCord, Mary Bryne, Edna Banta, Bertha Werning, Esther Doane, Margaret Crump, Messrs. Earl Harrington, Oswald Frey, John Keegler, Ernest Sargent, Leo Isenogle, Charles Thomas, Riley Whitman and Earl Schobert.

HAY RIDE.

A hay ride was held Monday evening by a number of young people from this city. The party drove to Cortland. Refreshments of sandwiches, pickles and doughnuts were served.

Those who attended were Misses Lorene Stanfield, Marguerite Hirtzel, Myrtle Hirtzel, Leona and Margaret Schneck, Clara Kruwell, Messrs. Elmer Burge, Howard Kruwell, Raymond Burge, Clarence Hirtzel, Roy Kruwell, Lawrence Cunningham, Mrs. Roy Reinhart and Miss Pearl Kruwell chaperoned the party.

GOSSMAN—BAURLE.

Francis P. Baurle of this city, and Emma G. Gossman of near Jennings county, were married this afternoon at 2:30 o'clock at the clerk's office, Brownstown, by Rev. R. I. Black, pastor of the Brownstown Methodist church.

SPEND DAY IN COLUMBUS.

Mr. and Mrs. August F. Bobb, Sr., Mrs. Ed Blase, John Bobb, Erwin Auffenberg, and Miss Emma Bobb motored to Columbus Sunday and spent the day the guests of Mr. and Mrs. Ed Shepard.

COMING EVENTS

WEDNESDAY—

A son was born Monday to Mr. and Mrs. Flaud Dobson, O'Brien street.

NEWSY PARAGRAPHS

William Parson, who has been in France with the American Expeditionary Forces, is expected to arrive home in a few days.

Mrs. Mary Parson, who has been working at Indianapolis, is very ill at the home of William Goecker on Rural Route No. 3.

Miss Lettie Nicholson, who underwent a surgical operation at the local hospital several days ago, has gone to the home of her parents, Rev. and Mrs. J. C. Nicholson, at Alert.

L. G. Driscoll, who recently disposed of his drug store at Campbellsburg, Ind., has accepted a position as pharmacist at the Maxon Pharmacy. Mr. Driscoll has had years of experience in the drug business and is a graduate of Purdue University.

A. D. Eldridge has received word that his son, T. B. Eldridge arrived in New York on September 5th after two months overseas service. He is a member of Battery A, 6th Field Artillery, 1st Division, and arrived on the U. S. S. Zeppelin.

U. H. Radcliff, proprietor of a cigar store, who recently underwent an operation in Chicago, has returned here, feeling much improved. In 1915 Mr. Radcliff lost his left leg in a railroad accident in Chicago and since that time has undergone four operations.

Margaret E. Padoek, chairman of the Woman's Democratic Committee of the Fourth Congressional district is scheduled to meet the woman voters of Jackson county at the court house in Brownstown, Saturday, August 13 for the purpose of perfecting a Woman's Democratic organization in Jackson county.

Charles Thomas, who for several months past has been manager at the Thomas Clothing Company will leave tonight for Greencastle for a short visit with his mother before going to Lafayette where he will enter Purdue University. J. B. Thomas who recently returned from France, will resume his position as manager at the Thomas Clothing store as soon as he is discharged from the army which is expected to be soon.

The W. C. T. U. will hold their monthly meeting Wednesday afternoon at the home of Mrs. W. F. Pfaffenberger, North Chestnut street, instead of with Mrs. Chas. Walters.

WARRANT FOR BLACKSTONE WANTED BY CHICAGO POLICE

Delay in Message Reaching Local Police Causes Young Colored Boy to be Released.

J. T. Abell, chief of police, has received a message from the chief of police at Chicago asking that a warrant for the arrest of Reginald Blackstone, colored, who is wanted in this city to face a grand larceny charge, be sent him at once. The Chicago chief also asked that a copy of the telegram sent to arrest Blackstone be sent.

Blackstone, who was held at Chicago for several days awaiting an answer from a message sent to the local police, has been released due to the fact that a mistake was made by the telegraph company in sending the telegram to another city instead of Seymour causing a delay of four days. However, the Chicago police will take the lad into custody again, providing he can be found; upon receiving the warrant for his arrest. Blackstone is alleged to have stolen some valuable cutlery from the sample cases of B. E. Johnson, a traveling representative for the Hibbard, Spencer & Bartlett Hardware Company, of Chicago, that were stored in the sample room at the New Lynn Hotel.

Seymour Boy Scouts, Troop No. 2. Meets tonight at the First Baptist church at 7:00 o'clock. Every Scout is urged to be present.

F. A. Hayward, Scoutmaster. Magazine subscriptions received at Gates.

SEYMOUR BUSINESS COLLEGE

BANDITS' HEARING SET FOR FRIDAY (Continued from first page)

supply them money to fight their cases. However, the message was returned here this morning as the person to whom it had been addressed could not be found.

The council chamber where the hearing was to be held Monday afternoon was filled to overflowing, many people having gathered there to see the young men. They did not display any signs of being worried and all were apparently in a jovial disposition. They told the court that they would be able to get financial assistance to fight the cases against them providing they were given a few days' time and for that reason Justice Congdon decided to postpone the hearing until Friday as the law requires that the defendants in any case be given every possible opportunity to defend themselves.

Following the postponement of the hearing Monday afternoon the four men were taken to Brownstown by H. L. McCord, county sheriff, and his deputy, G. C. Eastin. They will be returned here Friday afternoon. The boys expect to employ E. P. Elsner to represent them providing they can get money enough to pay the lawyer fees.

GIRL SELLS SELF TO SAVE HER FRIENDS

To Be Shown at Princess.

"The Price of Innocence," with Stella Talbot in the role of Mary Aldron, a squatter girl, will be presented at the Princess Theatre, tomorrow. The story of the production pictures squatter life of "Goose Island," and visualizes their tragic attempts to preserve the only abodes they know from the efforts of a wealthy young land owner to drive them from their homes. Miss Talbot, as Mary Aldron, enacts a strong emotional part in preventing the plan to dispossess her people, but at the cost of their confidence and belief in her.

EWING POSTMASTER EXPIRES SUDDENLY

E. S. Robertson Dies at His Home in Brownstown This Morning at 5:30—Was 64 Years Old.

E. S. Robertson, postmaster at Ewing, died suddenly this morning at 5:30 o'clock at his home in Brownstown. The deceased was 64 years old.

Mr. Robertson had been in poor health for several years past but had been able to be up and about at all times. He suffered with hardening of the arteries which caused his death.

Besides a widow, the deceased is survived by eight children, five sons, Frank, Lynn, Roy, Ray and Wayne Robertson, three daughters, Mrs. Elizabeth Noe, Mrs. Allie Cross and Miss Edna Robertson, four brothers, many other relatives and a host of friends.

The deceased served as postmaster at Ewing for several years. He had been a life-long resident of Brownstown and until a few years ago followed farming which he gave up to accept the postmastership.

The funeral arrangements have not as yet been completed but the service will likely be held some time Thursday.

Autumn Faces—

Healthy, happy and brown as a nut, greet us everywhere. Freckles and sun-tan are there, too, and may be easily removed by using Nyal Face Cream each night. HOOVERS

Their Medicine Chest For 20 Years

IT is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxative and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user, which was due to the fact that they were not thorough enough in their action, some simply acting on the upper or small intestines, while others would act only on the lower or large intestines, and that they almost invariably produced a habit requiring augmented doses.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in Nature's Remedy from the very first. And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each mail brings from people as old or older than I, who tell of having used Nature's Remedy for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it. It is a comforting thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a Nature's Remedy (NR Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.

HEN LAYS 1064 EGGS IN EIGHT AND ONE HALF YEARS

Remarkable Bird is Owned by Purdue University—Exhibited at State Fair.

Lafayette, Ind. Sept. 9—Purdue's Joan of Arc, the champion long distance layer of the country, has an official record of having laid 1064 eggs in the eight years and a half she has been a chicken, was one of the most attractive exhibit at the Indiana state fair and brought thousands of questions from farm and city folk.

This remarkable bird, whose records show her to be the steadiest and most constant layer, was shown at the Indiana fair in 1918. White lights of the Midway at the fair, however, had their effect on Joan, who is about twice as old as most hens are when they fill the pot for Sunday dinner, and immediately afterward she went into a molt and stopped laying. She did not begin until January of this year, and probably because of her age, started molting in July and at the same time stopped laying with only 64 eggs to her credit.

Joan is typical of high producing birds and thousands of persons have asked the university how such a hen has been developed. Through proper culling, in which the non-producing hens are weeded out, and proper feeding is the answer.

AGED RESIDENT DIES MONDAY AFTERNOON

Sylvester Louis Wheaton Succumbs to Lingering Illness—Funeral Wednesday Morning.

Sylvester Louis Wheaton, a well-known resident of this city, died at his home at 825 West Laurel street Monday afternoon at 4:30 following a lingering illness. The deceased was 71 years, 5 months and 11 days old.

Mr. Wheaton has been a life long resident of Seymour. Besides the widow he is survived by a sister together with several other relatives and many friends. The funeral service will be held Wednesday morning at 10 o'clock from the Christian church Rev. W. E. Carroll, pastor of the church, conducting the obsequies. Interment will be in the Chestnut Ridge cemetery.

G. H. Anderson Bulletin.

I have a car of Aviston Special Flour on hand out of old wheat. This has been tried, having sold one car load, and has proven to be satisfactory. It is guaranteed to be as good a patent flour as there is on the market, no exceptions whatever. I have a full stock of feeds—hominy feed, cracked corn, middlings, bran, horse feed, dairy feed, and all kinds of feed for all purposes. I am in the market for all the wheat, I can get, and will assure a square deal in regard to grades and price. Also rye, oats and corn at the top price. I will be open evenings to receive wheat.

MINERS WILL BE ASKED TO SUPPORT THE PLUMB PLAN

Author of The Scheme Scheduled to Address National Convention in Cleveland Saturday.

By United Press
Cleveland, O., September 9—The solid support of the United Mine Workers' of America will be solicited for the Plumb plan for the nationalization of the railroad, it was indicated at the opening of the convention here today. Glenn Plumb, author of the plan, is scheduled to address the convention Saturday. He will devote his time to an exhaustive analysis of the nationalization plan. Chiefs of the four brotherhoods, advocates of the plan, were to address the convention today.

Mrs. J. L. Starr and Miss Nellie Lee of Sparksville, spent Monday night in this city with Mr. and Mrs. C. L. Starr, enroute to their home from Cedar Point, O., where they attended the J. B. S. A. Convention.

Miss Helen Phillips, Miss Ruby Judd, Wm. Plummer and Bert Phillips motored to Columbus Sunday evening and were the guests of Mr. and Mrs. Raleigh Ortell and family.

Dr. H. Lett transacted business in Indianapolis today.

MARION WOMAN ENTHUSED OVER RESULT OF TRIAL

Mrs. Lincoln Happy When Troubles of Year Are Being Overcome.

Marion, Ind., September 8—Mrs. A. Lincoln, 1114½ South Branson street, whose husband is employed at the National Military Home here, is among the many residents of Marion to gain great relief through Trutona, she says:

"For the past year I have suffered from stomach trouble and nervous headaches. My appetite was very poor and because of the bad after effects I could eat but very little of any kind of food. Gas would form in my stomach following meals and cause me to belch. The nervous headaches attacked me frequently. In short I was generally weakened and run down.

"Trutona has improved my condition wonderfully and in a comparatively short time, too. My appetite has improved a great deal and I'm not bothered with the gas formations any more. The belching has been relieved, too. The nervous headaches are becoming less frequent now, also and I'm not as nervous as I formerly was. The draggy feeling I formerly experienced is leaving me, too. I'm considerably stronger and feel much better generally, since taking Trutona and I can heartily recommend it."

Mr. Lincoln's endorsement of Trutona is only one of the hundreds recently made by grateful Hoosiers who have found relief from stomach, bowel and liver trouble, indigestion, constipation, headache, nervousness, loss of appetite, etc., after using the perfect tonic.

Trutona is now being introduced and explained in Seymour at W. L. Federmann's Drug Store.

EXPLAINS COMMUNITY PLAN TO NATIONAL CLOTHIERS

W. L. Johnson Delivers Address to Presidents and Secretaries of The Association.

W. L. Johnson, proprietor of The Hub clothing store, left Monday night for Chicago to attend the annual meeting of the National Clothiers' Association plan by which clothing dealers in the various sections of the state form their own association. He will give an address before the presidents and secretaries of the various state associations attending the national convention explaining how the community plan can be nationalized and the benefits that would be derived from it. Mr. Johnson recently gave an address before the state Clothiers' Association relative to this plan and his speech was printed in full in the National Clothiers' magazine.

The clothing dealers in this part of the state were organized several years ago through the efforts of Mr. Johnson. The organization is known as the Fourth Indiana District Community Clothiers' Association and meetings are held from time to time which have proved very interesting.

Mr. Johnson has also been appointed a member of a committee which has been delegated to investigate the charge that wholesalers and manufacturers are withholding goods which have been ordered as they believe that the prices will be higher before winter. The National Association takes the view that manufacturers are obligated to deliver goods which they have sold and have on hands and if they find that the charges are true measures will be adopted for the protection of the dealer and purchaser. Mr. Johnson is one of three members from Indiana on this important committee.

SMALL INCREASE IN ENROLLMENT

(Continued from first page)

tendance this year is more than made up by the increase in the high school attendance."

The attendance by buildings follows:

Lynn Street School.
Third Ward School.
Laurel Street School—185.
Park School—162.
Shields Elementary Grades—255.
Shields High School—435.

The classes were organized Monday and the work of the fall term was started this morning. A number of additional pupils will enroll during the first week and the attendance at the first of next week may be increased from twenty to fifty.

PESKY BED BUGS

A MILLION BEDBUGS. Just think, a 35¢ package of the new golden chemical P.D.Q. (Pesty Devils' Quietener) is enough to make a quart and enough to kill a million bedbugs, no matter how large they may be or where they came from, their age, color or sex, and at the same time leaves a coating on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 35¢ package makes a quart of P.D.Q., and will

go farther than a barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe.

KILLS FLEAS ON DOGS. It's fun to see the fleas drop off your pet dog.
KILLS CHICKEN LICE. No use for your chickens to have lice. A 35¢ package mixed makes a gallon of chicken lice killer.
Your druggist has it, or can get it for you.

RAILROAD MAN GIVES GOOD ADVICE

"Several years ago I was under treatment of a stomach specialist for 5 months, 3 weeks of which were spent in a hospital. Another stomach specialist told me I had gall stones and that an operation was necessary. I did not want to have this. I lost 45 lbs. in weight. Talking with a brakeman one day he told me of Mayr's Wonderful Remedy and since taking it I have gained 16 lbs. and am feeling fine. It is a simulating others to try it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Druggists Everywhere.

TO CONDUCT CAMPAIGN AGAINST GLARING LIGHTS

Hoosier State Automobile Association Urges Enforcement of Law.

Indianapolis, Ind. Sept. 9—Aroused by many automobile accidents caused recently by glaring head lights, the Hoosier State Automobile Association acting jointly with the Hoosier Motor Club, is preparing to call for rigid enforcement of the Indiana dimmer law, Secretary M. E. Noblet announced today.

The request for cooperation with the state automobile association in preventing such accidents will go out to police departments of all cities and mayors of all towns, Noblet said.

The Indiana law provides that all automobiles shall be equipped with lights or lenses which do not throw a glaring light into the eyes of an approaching driver. In some sections of the state the authorities are said to be lax in the enforcement of this provision and numerous accidents have occurred.

The motor associations were instrumental in putting the dimmer laws through the Indiana legislature.

DR. MAURICE MCKAIN IS NAMED COUNTY PHYSICIAN

County Commissioners Hold Special Session This Morning—View Roads This Afternoon.

At a special meeting of the county commissioners held at Brownstown this morning, Dr. Maurice C. McKain was appointed county commissioner to fill the unexpired of Dr. Fred Heller, whose death occurred several days ago. Dr. McKain, recently opened an office in Brownstown. He is a graduate of the Indiana Medical College.

The commissioners made an automobile tour of the county this afternoon viewing some of the roads and bridges that are undergoing repair. They visited the new cement road which is being built south of the city starting at the end of Walnut street.
